TABLE 4. Distribution of Mineral Operations by Employment Size Class and by Industry Groups, for Counties: 1963

101 Iron ores
102 Copper ores
103 Lead and zinc ores
104 Gold and silver ores
105 Bauxite
106 Ferroalloy ores
108 Metal mining services
107 Miscellaneous metal ores
108 Anthracite
11C Anthracite mining services
120 Bituminous coal and lignite
12C Coal mining services
109 Crude petroleum and natural gas
110 Natural gas liquids
138 Oil and gas field services
141 Dimension stone
H1M Dimension stone in manufactures
142 Crushed and broken stone
142M Crushed and broken stone in manufactures
144 Sand and gravel
144M Sand and gravel in manufactures
145 Clay and related minerals
145M Clay and related minerals in manufactures
147 Chemical and fertilizer minerals
148 Nonmetallic minerals services
149 Miscellaneous minerals, n.e.c.
149M Miscellaneous minerals, n.e.c. in manufactures

Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not availabie. (X) Not applicable.

[illegible] Companies operating oil and gas field properties were permitted to make only one report for oil and gas field operations in each State. Companies engaged only in performing oil and [illegible] mining services were permitted to make only one report for all States; these reports were classified on the basis of the principal State in which the performed. Such reports contained employment on March 15 and other related data by the State and county. For such operations, the State total figures shown for number of establishments represent the number of reports received which were classified in the State and those shown for number of establishments in a county represent the number of reports that indicate any operations in the specified county. All county statistics shown which were not reported separately were obtained by allocating the totals for each company on the basis of the reported county data.
